KATT SCOOP™

030

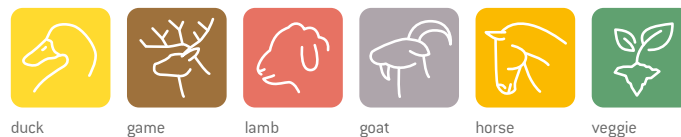

product details

- Produced in Germany from finest 100 % natural ingredients
- Diced-meat recipes (duck, game, lamb) contain 98 % fresh meat and 2 % dried herbs
- Semi-moist recipes (goat, horse) contain fresh meat, fresh vegetables, fresh fruit and cold-pressed chia & hemp seed oils
- Semi-moist vegetarian recipe (veggie) contains chia & hemp seeds, fresh vegetables, fresh fruit, and is recommended for a balanced diet, as well as for vegan & vegetarian diets
- Duck, Lamb, Goat & Horse recipes are mono-protein sources – easier to digest and indicated for dogs with allergies
- Grain-free
- Do not contain any artificial additives, aromas or colours
- Naturally soft, easy to break into smaller pieces if required [semi-moist range]
- Ideal for reward-based training, for use in puzzle games & toys, as well as a nutritious in-between snack
- Re-sealable packaging keeps the product fresh for longer

product details

- Double-layer construction features a 50mm 45D quality egg-shell memory foam & 50mm 35D quality high-density supportive foam for maximum support & comfort
- The contour of the bed adapts to the shape of your dog to provide pressure relief of the spine and joints
- Luxurious plush faux-fur outer cover is exceptionally soft to the touch
- Built-in, heavy duty YKK zipper allows the outer cover to be easily removed
- Washable faux-fur outer & inner covers
- Sewn-in zipper pocket prevents the metal puller from scratching expensive flooring
- Both memory & high-density foam layers are protected by a waterproof liner, which makes removing the outer faux fur cover all the easier
- Anti-slip base prevents sliding on smooth surfaces
- Sturdy handle makes it easy to carry the MemoFluff around
- Suitable for all kinds of dog breeds – whether large, medium or small, the Memofluff adapts perfectly to the shape and size of your dog

product details

Sustainability

- Our hides are sourced exclusively from local German cattle and are a by-product of the meat industry
- The tanning method is based on the use of entirely organic materials, extracted from natural bark and wood. It is completely free from chrome & heavy metals
- The result is an exquisite, multi-toned leather that will age beautifully
- The hides are only greased with natural fats such as tallow and fish oil, resulting in a leather with a smooth, natural feel to it, that rarely requires re-greasing and is especially hard wearing for a life-long use

Outstanding Quality

- Leather: we exclusively use the hide from the shoulder. This is a soft, one piece, full-grain cowhide, with a thickness of 3.5 to 4.0 mm
- Full-grain denotes the highest quality leather available. No finishing is done to the grain of the leather, so the surface retains all of the original texture and markings
- Full-grain leather is the strongest and most durable leather available
- Buckle & Leash Ring: available in a choice of metal alloy or solid brass
- Double stitching around the buckle and leash ring ensures durability over time

Uniqueness

- The elegant buckle shape is exclusively designed in-house by MAELSON
- Each Coll'R features a unique MAELSON logo stud in matching metal alloy or solid brass
- All locally sourced: leather hides, family-run vegetable tannery & hand-made production

BIOD BOWL™

product details

- Food and water bowl, made from a blend of natural plant fibres
- Completely biodegradable once disposed of
- New smoother design with one-sided raised edge, designed to prevent the food from spilling over when nudged forward by the pet's snout
- New, concealed anti-skid feet prevent the bowl from moving and/or spilling on smooth surfaces
- New, larger-sized finger cut-outs on either side of the bowl make it easier to lift, reducing spills
- Smooth inner and outer surfaces are easy to clean
- Dishwasher safe on top rack & 40°C temperature

DRY BOX™ DELUXE

Designer Food Storage Container

product details

- Hermetic storage solution for dry dog & cat food, as well as bird seed
- FDA-approved food grade plastics
- Maintains food fresh and dry, and out of reach of insects, pests and slugs
- Hinged lid with integrated gasket seal, opens wide for easier access when scooping out food
- A set of gasket seals, form-fitted into the opening lid compartment and in between the upper and lower body sections, ensure close to 100% hermetic sealing
- Transparent windows on either side are designed to monitor low food level
- Removable food scoop, with storage facility as integral part of the product design. With inner capacity markings, up to 300 ml capacity
- The dark coloured container reduces light exposure of food, thus preserving nutritional value and extending food life
- The four rubber feet located on the base ensure stable footing, and prevent scratching on smooth floor surfaces
- Stores up to 13 kg / 28.5 lbs dog food – 30 litres / 6.6 imp. gal. volume capacity
